

European Journal of Neurodegenerative Diseases

Vol. 1, No 2, August, 2012

CONTENTS

D. Cervia, C. Perrotta, C. De Palma and E. Clementi Nitric Oxide and sphingolipids as modulators of apoptosis and autophagy: functional implications in neurodegenerative chronic brain disorders.....	133
A. Cattaneo and G. Meli Protein silencing with intracellular antibodies: targeting alzheimer's disease protein.....	149
J. Avila Pathology of tau protein in Alzheimer's disease.....	167
A. Valerio, F. Fenaroli, M.O. Carruba, E. Nisoli Mitochondrial biogenesis in the ischemic brain: a novel target for neuroprotection.....	175
M. Campanella Neurodegeneration abides by the laws of mitochondrial biology.....	185
S. J. Hewett, N. A. Jackman And R. J. Claycomb Interleukin-1 β in Central Nervous System injury and repair.....	197
P. Bernardoni, F. Di Sano And M. Piacentini Endoplasmic reticulum stress in neurodegenerative diseases: the role of reticulon proteins.....	215
K. Weisser, D. Mentzer, P. Volkers, C.K. Schneider and B. Keller-Stanislawski Progressive Multifocal Leukoencephalopathy (PML) and biologicals.....	225
G. De Chiara, M.E. Marcocci, L. Civitelli, R. Piacentini, C. Ripoli, E. Garaci, C. Grassi, A.T. Palamara HSV-1 and CNS: The long term effects of a lasting affair.....	235
C. Verpelli, C. Montani, C. Heise, C. Sala Synapse diseases and intellectual disability syndromes....	247
